Scope of this course overview

This course overview summarizes the most common courses regularly offered by TUM School of Management (minor changes may occur) on our three different campus. It is not possible to change the campus during the study abroad period.
The links lead to the course descriptions of courses which were offered in previous semesters but it is very likely that they will be offered again in the upcoming semesters. Additional new course offerings are available every semester. Please note that the definite course offer will be uploaded a few weeks prior to the semester start. Exchange students have free access to all courses we offer on B.Sc. and M.Sc. level. However, due to the highly interactive character of the (advanced) topics and (advanced) seminars offered at TUM School of Management only a limited number of participants can be admitted to those courses. The same applies to a few lecture courses. Further information on the application and registration procedure will be given a few weeks prior to the semester start. A complete list of courses will be released through TUMonline (https://campus.tum.de/) a few weeks before the beginning of the lecture period.

Further courses (free access for exchange students)

You can even follow courses at other schools of the Technical University of Munich, including the Language Center (at least 60% of your course choice and ECTS have to be from TUM School of Management)

Credit System

A fulltime study load at TUM School of Management is approximately 1800 hours per year which is equal to 60 ECTS credits. Usually German students do undertake a workload of 30 credits per semester. For exchange students, we recommend a workload of 15-20 ECTS per semester. 1 ECTS credit represents approximately 30 working hours. These hours include all work required for completing the course: lecture, exercises, cases, possible projects, independent studies, exams etc. The contact time in class per week is 30 minutes for 1 ECTS. A semester usually consists of 15 weeks of lecture period.
