FAQs

When should I apply for the program?

For Bachelor's students, we recommend applying from the third semester onward. Master's students at the TUM School of Management are eligible to apply starting from their first semester.

Can I apply for another Joint International Program simultaneously?

Yes, you may apply for several of our programs; however, you will only be accepted for one.

Can I apply for TUM SOMex at the same time?

Yes, you may apply for other exchange opportunities. However, once you accept your nomination for the EEP, your other applications are annulled automatically as the Joint International Programs are prioritised.

Can I apply if I have already completed my project studies?

Yes, you may still apply; however, it is not recommended as you cannot have it recognized again but will be obligated to complete it successfully.

Do I need a language certificate in English?

Yes, you need proof of English proficiency in C1 or higher. If you do not have a recent one (not older than 2 years), please visit [TUM language center](#).

Where can I take the DAAD Test in English?

Our Language Center offers the DAAD Test in English at regular intervals, free of charge. The dates can be found [here](#).

How do I find a start-up in Singapore?

Once you are accepted for the program and nominated at NUS, the NUS program coordinator will contact you and provide a list of start-ups, from which you may choose five priorities. NUS will take care of placing your CV with the companies who will then reach out to you and initiate an interview and/or an application assignment.
